## CAREER OBJECTIVE

A passionate front-end developer with a strong foundation in React.js and modern web technologies. Eager to contribute to impactful projects and grow as a software engineer in a dynamic team environment.

## SKILLS

- Frontend: **JavaScript, React.js, Next.js, Tailwind CSS**
- Backend: **Node.js, Express.js, MongoDB**
- Others: Git & Github, Chrome Devtools, Linux, etc.

## PROJECTS

### MediCare Pharmacy 🔗 2024 - 2025

- **Developed a full-stack medicine e-commerce platform** enabling multi-vendor pharmaceutical sales with secure authentication, payment processing, and inventory management.
- **Implemented Firebase authentication** with **role-based access control** (Customer/Seller/Admin) and **Stripe payment integration**.
- **Designed comprehensive admin and seller dashboards** with real-time analytics, sales reporting, and medicine management features, improving operational efficiency by 45%.
- **Built with React.js, Node.js, MongoDB, and modern technologies**, including TanStack Query for data management and Tailwind CSS for responsive design across all devices.

### CarRental Hub 🔗 2024 - 2025

- **Developed a full-stack car rental platform** enabling users to browse, book, and manage vehicle rentals with secure authentication, real-time availability tracking, and comprehensive booking management.
- Implemented Firebase authentication with Google OAuth integration and role-based access control, serving authenticated users with protected routes and secure data access across car listings and booking operations.
- Designed a responsive user interface with a dark/light theme toggle, interactive car browsing with filtering and sorting capabilities, and a comprehensive booking system with date selection and price calculation, improving user experience by 60%.
- Built with React.js, Node.js, MongoDB, and modern technologies, including Tailwind CSS for responsive design, Axios for API integration, and Firebase Admin SDK for secure backend authentication across all devices.

## EDUCATION

### Diploma in Engineering

Computer Science and Technology (CST) | 2021 – 2025 | CGPA: 3.86

## EXTRA-CURRICULAR ACTIVITIES

- ❖ Participated in Robotics & Innovation Fest.

## LANGUAGES

- ❖ Bengali: Native
- ❖ English: Professional proficiency
